FAMINE IN IRELAND

Large Amounts Collected in America for Relief.

MONEY FROM ALL QUARTERS.

The American Committee in New York Collecting Funds for the Relief of Ireland Make an Excellent Report of the Generosity of the American People.

NEW YORK, Oct. 20.—The past week has been prolific of messages to the American committee collecting funds for the relief of Ireland, showing that the responses to the committee's appeal will be hearty and universal. Starting as the committee did, nearly three months earlier than any similar committee ever before started, there was some fear in the minds of the members that its action might be misconstrued. The early inauguration of the movement for the relief of the terrible distress which is sure to come to Ireland this winter, was not meant by the committee to imply that such distress would come earlier this year than it had come in the previous famine years, but it was meant to enforce the fact that relief had gone in previous famine years from America to Ireland when it was too late to prevent suffering and save valuable life, and it was started then early so that relief from America might be at hand at the very first moment that it was needed by the Irish people.

The response given to the American committee's appeal has astonished even those who are acquainted with the generosity of the American people. From various parts of the United States letters and telegrams have come to the American committee. The city of Hartford, Conn., has already forwarded to the American committee, through The Hartford Times, nearly \$1,000, and a public meeting to further the movement was called by Mayor Dwight.

The action of the city of Galveston has been no less prompt. On Oct. 9, in pursuance of a call published in The Galveston News, a mass meeting was held in Harmony hall. Resolutions and the sum of \$1,347.50 was contributed by those present.

Among the letters and telegrams received by the American committee the following may be mentioned as samples: The Evening Journal telegraphed from Albany: "Will be pleased to act as sub-treasurer at Albany without expense, and will begin work to-day if satisfactory. We start it with a subscription of \$25."

The Globe, of Chicago, sent a telegram to the same effect.

Mr. B. O. Fowler, editor of The Arena, of Boston, writes: "I should be delighted to do anything in my power to aid the famine stricken people of Ireland. I enclose you my personal check."

Mr. John J. Kennedy, superintendent of the Bradford Dock works, writes: "We have taken up among our employees a subscription for the famine funds."

An Old Law Enforced.

BALTIMORE, Oct. 20.—A great crowd of the best German citizens were last night excited and very indignant over the action of the police in stopping the lecture which was to have been given at Germania Mannerchor hall by Arthur Koelner, of New York. For some reason an old law was resurrected Saturday, and last night the authorities stated that no entertainment of any sort for which an admission price was demanded could take place in Baltimore on Sunday if any one should object thereto. The crowd denounced the decision and the authorities. The statue has been practically dead so long that even the district attorney knew not of its existence until Saturday.

A Prize Fight in Texas.

DALLAS, Oct. 20.—A fight took place in the ring Saturday night between Mike Conley, of New York, and Dick Sullivan, of Colorado, which was witnessed by 1,000 people. The fight was for a purse of \$1,250. In the first round Sullivan fouled Conley and the referee gave Conley the fight, but the latter said he was willing to go on. In the second round Sullivan repeated the offence and the referee awarded the contest to Conley. Sullivan's backers lost heavily. Frank Vaguelin, of New Orleans, will challenge Conley.

The Wires Became Crossed.

BOSTON, Oct. 20.—About 6 o'clock yesterday evening an electric light wire became crossed with a Western Union telegraph wire, causing a burning out of the wires running from the tower to the switch-board in the operating room. The woodwork of the tower caught fire, but the flames were put out with slight damage. The loss of the wires completely isolated the Boston office and communication was not restored until after 10 o'clock, when one or two wires to New York were obtained. The damage cannot be stated.

Failed to Identify Him.

CIRCLEVILLE, O., Oct. 20.—Harry Bayes, the alleged banknote, was Saturday acquitted of the charge of beating D. McHenry, a prominent small-fruit grower of this place, out of \$1,250 some time since. D. O. Stein, the principal witness for the plaintiff, failing to identify Bayes as the man.

NEW YORK CENSUS.

Acting Superintendent Childs Replies to Mayor Grant.

WASHINGTON, Oct. 20.—Acting Superintendent of Census Childs has sent the following letter to Mayor Grant, in response to his formal demand for another Federal enumeration of the population of New York city:

WASHINGTON, Oct. 17, 1890.
DEAR SIR:—Yours of the 16th inst. has been received, demanding that the Federal authorities make an accurate enumeration of all the inhabitants of the city of New York. You state that it appears from the enumeration taken by the police force under the supervision of yourself and a representative selected by me, that there are many inhabitants of the city of New York who were not returned by the Federal census.

There has been no representative selected by me to supervise the enumeration taken by your police force. It is proper that any misapprehension on your part, and the effect of your statement should be corrected without delay, lest it might be deemed therefrom that this bureau was in anywise responsible for, or bound by, the enumeration you mention.

The right of the people of New York to be counted accurately and have representation in congress and in the electoral college proportionate to their population, has not been disputed and needs no assertion to have it acknowledged. Your demand for an accurate enumeration of the inhabitants of the city of New York is without the support of any facts officially known to this office, and will be considered only when a case is presented in due form and that will then be decided upon its merits.

You will please understand that this bureau has entire confidence in the enumeration it has made of the inhabitants of the city of New York, and will adhere to the same until convinced by proper proofs duly presented that the same is erroneous, and to a degree that demands a re-enumeration under the statute in such case made and provided.

You will please further take notice that the work of the census by the National authorities has proceeded so far that the result of the enumeration of the population will be probably announced within a few days, and that no great delay will be allowed you in presenting your case and the evidence you may have to support it. Yours respectfully, A. F. CHILDS, Acting Superintendent of Census.

A Double Tragedy.

QUINCY, Ill., Oct. 20.—This city was startled Saturday afternoon by a double tragedy which occurred on a crowded thoroughfare. Miss Lillie Booth, daughter of prominent parents of this city, while walking on Sixth street at 2 o'clock in the afternoon met Daniel Price, a well known business man, whom she accused of seducing her under the promise of marriage. After a few words the girl shot Price in the region of the heart, death resulting an hour later. As soon as he was shot Price drew a revolver and fired at Miss Booth, the ball taking effect in the left shoulder, inflicting a serious wound.

The steamer Towern arrived Friday from Guaymas, bringing eleven of the crew of the wrecked British ship Selene, which went ashore at Santa Rosalia last month. The captain was left at Guaymas, where he is endeavoring to dispose of the vessel.

Base Ball in Pittsburg Next Year.

PITTSBURG, Oct. 20.—The conference committee of the Pittsburg Players' League and National League ball clubs held another conference Saturday. Both sides agreed that only one club would play in Pittsburg, and while both favored a compromise or consolidation the Players' League would only agree to a consolidation which would give them 70 per cent of the capital stock of the new old club. This the National League objected to. Both sides then agreed to let the matter be settled in New York next week.

Catholic Sunday Schools Parade.

NEW YORK, Oct. 20.—A parade of Catholic Sunday school children took place in Brooklyn yesterday in honor of the jubilee of Bishop Loughlin. Over 22,000 children turned out and marched past the Episcopal residence, where they were reviewed by the bishop, Cardinal Gibbons, the visiting bishops and clergy and many prominent citizens. Young Boys Organized for Robbery.

TEXAS IS THE STRONGHOLD.

Fort Worth is Headquarters, While Branches Exist in Dallas, Waco, Marshall, Austin and Houston—Some of the Principal Leaders Arrested.

FORT WORTH, Tex., Oct. 20. There were big developments in the mystery surrounding what is known as the Corn Dodger club yesterday. It is an organization of boys, ranging in age from 7 to 15 years, many of whom have recently been arrested for complicity in petty thefts, but on account of their youth and the small value of their takings they have escaped punishment.

Six of them were arrested yesterday and with them a clothing dealer named Hall, who is charged with receiving goods that the boys had stolen. It is also learned that the Corn Dodgers have branches in Dallas, Waco, Marshall, Austin and Houston, Tex., and in Denver, Col. They have a code of signals and other means of secret communication. Whether Hall is at the head of the organization or not has not yet been determined.

FURNITURE WORKERS.

Last Day's Proceedings of the International Meeting.

INDIANAPOLIS, Oct. 20.—The international furniture workers finished their business Saturday and adjourned. Brooklyn was selected as headquarters. A resolution was passed that Henry Emerich, the secretary of the order, shall hold no other office. Mr. Emerich is treasurer of the American Federation of Labor, and by the provisions of the resolution he will have to resign that office. The question of holding an international labor congress in Chicago during the world's fair was referred to the executive committee. The executive committee was authorized to levy an assessment, if deemed necessary, to support a newspaper devoted to the interests of the order. The proposal of the piano workers to act in harmony with the furniture workers was acted upon favorably.

RELIGION MAD.

An Old Lady Killed by Having Water Thrown Into Her Face.

PERRY, Mich., Oct. 20.—Last summer William Fillinger and his wife, who live three miles from here, attended a series of revivals and became religion mad in a mild way. With them lived Fillinger's mother, who has long been physically ill.

It worried Fillinger and his wife that the elder woman was unbaptized and yesterday they decided that the necessary religious rite should be performed although the poor woman was confined to her bed, unable even to rise. Taking water to her room they began the ceremony by dashing water in her face, and continued it until from shock and exhaustion their victim died. Fillinger and his wife were arrested and taken to jail at Corunna.

Mother Dead and Children Starving.

MILLESBURG, O., Oct. 20.—A revolting case of destitution has just come to light on the hill in the northeast corner of the town. Some time ago a family moved here from Delaware county named Worthington, there being several children. He is a corn doctor, and liked whisky. Saturday morning the trustees got notice that the wife had died Friday night, and the undertaker, going to the place, found a terrible state of things. The children were eating raw potatoes, and everything they could get hold of, and were very scanty in clothing. The township will bury the wife and take care of the family, and charge to Delaware county.

RAILROAD ACCIDENTS.

Two Freight Trains and On Passenger Train Wrecked.

BUFFALO, Oct. 20.—A Lake Shore freight train loaded with cattle going east broke in two on a heavy grade three miles east of Silver creek Sunday morning. The rear section started backwards and crashed into another freight loaded with beef going east, smashing several cars and killing a number of cattle, and throwing two cars in the path of the fast limited express, which collided with the obstruction, smashing the engine and baggage cars and the side out of two coaches.

No one was killed, and but one injured, a lady passenger, who had two ribs broken. Both tracks were blocked for some time. The baggagemaster saw the obstruction and notified the passengers to get on the other side of the car, thereby preventing great loss of life.

A Mistaken Signal.

PHILADELPHIA, Oct. 20.—At a few minutes before 1 o'clock yesterday morning a collision occurred on the Pennsylvania railroad near the station at Frankford. Sherran, the engineer, and Harry Nields, a fireman, were fatally injured. They were taken to a hospital where they now lie in a critical condition. Both were buried in the debris for at least ten minutes and were severely scalded. The accident is said to be due to a green hand giving the signal "line clear" by mistake.

RUSHVILLE, Ind., Oct. 20.—A fallen tree wrecked the passenger train on the Fort Wayne, Cincinnati and Louisville road last night, six miles north of this city. The engine and baggage car were thrown into a ditch. The fireman was taken from the wreck after an hour, but was not seriously hurt.

HORRIBLE DOMESTIC TRAGEDY.

An Infuriated Husband Shoots His Wife and Then Himself.

EVANSVILLE, Ind., Oct. 20.—A terrible tragedy was enacted late yesterday evening on the farm of Henry Kron, near Blairsville, a Posey county hamlet, some thirteen miles from this city.

Kron and his wife quarreled yesterday and it was renewed in the evening, when the husband so lost his temper that he raved like a madman. He took a double-barreled shotgun, and without any warning whatever shot his wife down in the presence of their three children, who were powerless to offer interference.

Kron then passed into the next room, and with the remaining barrel shot the top of his own head off. The children ran from home screaming and warned the neighborhood. Kron was a well-to-do farmer.

Zugswert was not seriously hurt, and Kibler was locked up.
